## ABOUT ME

I am an active person who always try new things and challenge myself with different communities and environment. I describe myself into 2Es: The first one is Easy-going. I am really a flexible person and can be able to adapt to the community and environment where I work or study. The second E is Enthusiastic as I have a passion and willingness to complete the work tasks and assignments. Moreover, I am also really energetic even with my colleagues and classmates. In my free time, I like spending time on listening and reading the articles and researches.
